To assist individuals who choose the self-study method to prepare for Washington's Property and Casualty Producer license exam, IIABW offers study materials published by Exam FX (ABLE, Inc). The materials have been approved by Washington's Office of the Insurance Commissioner for pre-licensing education and cover the required property and casualty pre-license curriculum. Program also includes access to the web-based Exam Simulator which allows students to test their knowledge and pinpoint subject matter strengths and weaknesses.

Self-study students are required to complete 40 hours of study (20 hours for Property and 20 hours for Casualty). Upon proof of completion of 40 hours of study, IIABW will issue the pre-license education certificates of completion needed to take the state exam.
