Free Virtual Legislative Week February 20 – 23, 2024

IIABW is making it easier for insurance professionals from throughout the state to learn about the latest legislative issues and to advocate for your industry. Instead of asking you to come to Olympia, we will bring Olympia to you!

We will start our first-ever Virtual Legislative Week on Tuesday, (2/20) with a 2-hour Webinar on the latest issues being discussed in the 2024 Legislative Session. We will, then, schedule 15-minute zoom meetings on Wednesday – Friday (2/21-23) with legislators so industry professionals can educate their own elected officials on the issues. IIABW staff will be on the video calls to facilitate the meetings.
